Embracing Shamanism

Turning the Wheel

Navigating through the Chaos of our Time

Shamanic Practitioner Summer Gathering

6–11 July 2027

Turning the Wheel

We are at a time of uncertainty in the world and therefore also within ourselves. Rates of anxiety and depression are at an all-time high, the climate is suffering and we are feeling it daily as we are living through the greatest transformation in the history of human civilization – the kind that will forever alter who we are, not just as individuals but as a species.

This is not a passive transformation. We don't get to sit idle and watch the world transform around us, in fact we are 'being transformed' as part of the greater whole and we are called by the Universe to become active agents of change in our collective transformation.

Let us gather as a shamanic community to explore the potency of these times, harness our inner powers and contribute to collectively co creating a more magnificent future, not as individuals but as a whole.

Drawing on a rich variety of shamanic practices we will explore and work with the following main themes:

The Age of Energy

We will go into detail of when, how and why we entered the Age of Energy, also described as the Age of 'Consciousness', and the necessary transformation that needs to take place collectively from five sensory to multisensory perception. We will explore our place as 'travellers' within it and how we can thrive with multisensory perception within the growing chaos in the world.

The Mystical Truths

The Mystical Truths are expressions of the Divine that govern this universe 'out there' and within us. They are the driving forces that keep the orbits spinning both within us and outwith ourselves, they keep the energetic, the physical and the divine within us operating. We will enter into deep communion with some of these Truths in order to gain deeper understanding and insight of this era, the transformation we are going through as a species and how they influence and govern our individual day-to-day lives.

Turning the Wheel (cont.)

The Tribal Archetype

We are more divided in the world politically and ideologically than ever before. War rages, oppression thrives, and suffering continues leaving millions of people disconnected, powerless and in despair. The collective tribal Archetype still runs on a five sensory survival setting through which we as a global community continue to make shadow based choices. We will focus on what the tribal consciousness needs to transform into and how we as individuals can contribute to this process.

The Wheel of Transformation – Multidimensional Healing Circles in the Cosmic Map

Based on the classic healing circle format, in this extended version we will channel and commune with greater powers such as the Mystical Truths, the Governing Principals of Nature and both Shadow and Destiny Archetypes and how they influence our collective human consciousness and the consciousness of Mother Earth.

The Journey into Joy as a Spiritual Practice

Joy is a crucial ingredient to thrive within the challenges of our time. It acts as a 'balancer' when we need to cope with anxieties and stress both in the outside world and within our own lives. Not only is joy a natural birth right, it is also our responsibility to seek it and bring it into the world. We will explore how joy is fundamentally different from happiness and how it is accessible to anyone regardless of trauma history or any challenges we may find ourselves in.

The Bigger Questions we need to ask Ourselves in this Age

Part of this great transformation is that we need to gradually let go of ourselves and get into our impersonal, immortal selves. Part of this extraordinary journey is asking questions from that perspective. The questions that are worth asking are huge, but the light that comes in when we get it is the light that transforms. We will drop into deep self-enquiry on questions to be brought forward to the Powers of the Universe that take us into higher altitudes and into new perspectives that are otherwise out of reach when our questions remain 'too small'.

The Venue

We will be in Portsoy right on the East Coast of Scotland! The accommodation complex **'The Sail Loft'** will be exclusively ours. It has 24 beds and space for a few campervans and tents on the grounds. The workshop venue **'The Salmon Bothy'** is a five minute stroll along the beach.

Date: 6–11 July 2027, *starts at 6pm*

Cost: £330-£410 fully residential

The sliding scale is due to different rooms with different pricing, details will be in the booking form. This is a not-for-profit event and the cost is designed to cover the expenses only, including food & accommodation, the workshop venue, a chef and the administration.

Pre-requisite: *Participation is open to those who have a Shamanic Practitioner qualification or possess a good foundation in shamanic practices through formal training.*

The number is limited to 30 participants, if you want to join the gathering please contact me directly and I will email you the booking form.

Love,
